## SUMMARY

I have 3.4 years of experience in UI/UX development, with a strong focus on creating responsive and user-friendly web interfaces. I completed a Website Designing course from Tech Vidya, where I built a solid foundation in front-end technologies. I am proficient in HTML, CSS, JavaScript, Bootstrap, and jQuery, with beginner-level experience in React and Next.js. I am passionate about crafting intuitive user experiences and clean, modern designs.

## WORK EXPERIENCE

### RNF Technologies Private Limited                July 2022 - Present

- Designed and developed static and mobile-friendly websites.
- Implemented HTML5, CSS3, JavaScript, and jQuery for front-end development of web applications.
- I have worked with Drupal at a basic level, mainly focusing on frontend tasks such as updating and customizing Twig templates for design-related work
- Recently  developed a website using React for the frontend and Next.js.

### Web Tech India Private Limited                Dec 2021 - June2022

- Converted PSD mockups into pure hand-written HTML and CSS pages.
- Developed custom web application interfaces with HTML and CSS to meet client requirements.
- Implemented HTML5, CSS3, JavaScript, and jQuery for front-end development of web applications.
